

ESE The Agency Announces New Signing – Rhiannan Iffland

MEDIA RELEASE (Tuesday, February 1st, 2022) ESE The Agency is exciting to announce a new signing to their Athlete Division, cliff diving world champion Rhiannan Iffland.

Rhiannan Iffland began her cliff diving career with a stunning win. In 2016, her rookie year, she won her first-ever competition as a wildcard entry into the Red Bull Cliff Diving World Series. Rhiannan was hailed as the 'Australian cliff diving sensation' – not only was she the youngest female diver ever to win an event, but she also scored podium places on all of her seven starts. These achievements are the fruits of the hard work of an athlete who's been practising their sport from early childhood – Rhiannan began diving at the age of nine and before that she was an avid acrobatic trampolinist.

Rhiannan is now 5 x Red Bull Cliff Diving World Series Champion and 2 x FINA World Champion, executing 2 undefeated seasons in 2019 and 2021. While also winning gold for Australia in the 2017 and 2019 World Aquatics Championships.

Outside of the competition circuit, Rhiannan has also been pushing the sport of cliff-diving forward by taking her feats to dizzying – and wobbly – new heights. In 2020 she became the first person to ever dive out of a moving hot air balloon.

Managing Director Alexandra Williamson said “We are thrilled that Rhiannan has joined our Athlete Division and we can't wait to work with such an incredible athlete who has cemented her spot at the top of the exciting sport of cliff diving”.

Rhiannan joins the stable of female athlete's including footballers Katrina Gorry, Chloe Logarzo and Hayley Raso.
